

MEMORANDUM NO. 154

DATE: July 22, 2024

TO: All Operators and Interested Persons

FROM: Nebraska Oil and Gas Conservation Commission

**SUBJECT: LB 102, Changes for Survey Plats required for
NOGCC Form 2**

This memo's purpose is to inform you in a change in state law that may affect the Survey Plat as an attachment to NOGCC Form 2 "Notice of Intent to Drill or Re-enter".

On March 4, 2024, the Nebraska Legislature passed LB 102, which provides new regulations and penalties for the practice of land surveying. This law relates to the unlawful practice of land surveying in the State of Nebraska by non-Nebraska certified land surveyors. The Effective date for this new requirement is September 1, 2024

Please see the Board of Examiners for Land Surveyors official website <https://nbels.nebraska.gov/> for information regarding licensure.
